Saito, Y. *Induratio penis* as a Complication to Penis Tuberculide. 1

Yamagata, S., Sato, Y. and **Nishiyama, S.** Studies on Blood Glycogen. The 4th Report. Blood Glycogen Content in Diabetes mellitus and Alloxandiabetes.... 7

Yamagata, S., Sato, Y., Kanazawa, N. und **Saito, I.** Studien über Blutdiastase. VII. Mitteilung. Verhalten der Blutdiastase beim Diabetes mellitus und Alloxandiabetes.... 15

Miura, O. and **Kusunoki, S.** Absorption of Crystal Violet by Candida Albicans (A Method Proposed for Pathogenic Discrimination of Candida Albicans. II). 23

Ogawa, K. Biochemical Studies on Carbohydrates. CLXXI. A Glucidamin and a Neutral Mucopolysaccharide from Pig Spleen. ... 27

Ogawa, K. Nucleic Acids. IV. DNA of Pig Spleen in High-associated State (A New Method of Preparation of DNA). 39

Yosizawa, Z. Biochemical Studies on Carbohydrates. CLXXII. Comparison of A and O Group Substances from Pig Stomach Mucus. ... 45

Oikawa, M. Sensory Innervation of Urogenital Organs of Fourth Month Female Embryo. 55

Goto, M. Histological Study on Innervation of Pars mucosa of Vestibulum nasi in Human Embryo. 67

Goto, M. Innervation of Pars cutanea of Vestibulum nasi and Nasus externus in Latter Half of Human Embryonic Life. 77

Ozaki, T. A Method of Colorimetric Estimation of Noradrenaline and Adrenaline in a Mixture and its Application to the Medulli-Adrenal Extracts. 83

Irinoda, K. and **Sato, S.** Contribution to the Ocular Manifestation of Riboflavin Deficiency. 93

Nos. 2–3, February 25, 1955

Yamagata, S., Aratani, T., Miura, K. und **Otomo, K.** Experimentelle Studien über die Funktion des reticulo-endothelialen Systems. IV. Mitteilung. Bedeutung der Milz im Reticulo-endothelialen System.... 105

Yamagata, S., Arai, I., Unoura, K., Aratani, T., Miura, K. und **Otomo, K.** Experimentelle Studien über die Funktion des reticulo-endothelialen Systems. V. Mitteilung. Einfluss verschiedener Hormone und Vitamine auf die Funktion des RES und der Leber. 113

Yamagata, S., Aratani, T., Miura, K. und **Otomo, K.** Experimentelle Studien über die Funktion des reticulo-endothelialen Systems. VI. Mitteilung. Einfluss verschiedener leberstärkender sowie entgiftender Mittel auf die Funktion des RES und der Leber.... 127

Yamagata, S., Miura, K., Otomo, K. und **Takahashi, K.** Experimentelle Studien über die Funktion des reticulo-endothelialen Systems. VII. Mitteilung. Einfluss des Shwartzmanschen Phänomens in der Leber auf die Funktion des RES und der Leber. 139

Yamagata, S., Aratani, T., Miura, K., Otomo, K. und **Hirata, C.** Experimentelle Studien über die Funktion des reticulo-endothelialen Systems. VIII. Mitteilung. Einfluss der Chemotherapeutika, besonders der Sulfonamide und Antibiotika auf die Funktion des RES und der Leber. 151

Ejima, T. A Mucopolysaccharide from Human Cerebral Cortex. ... 163

Masamune, H., Tsuiki, S., Kitabatake, E. and **Sakamoto, M.** Chemical and Immunological Study of DNA in particular of Cancer DNA. 171

Tiba, H. and **Isikawa, S.** On Free Amino Acids of Human Gastric Juice. 189

Sato, A. Chédiak and Higashi's Disease. Probable Identity of " A New Leucocytal Anomaly (Chédiak) " and " Congenital Gigantism of Peroxidase Granules (Higashi)." 201

Tiba, H. Pharmacological Studies on Proteins from Carcinomatous and Non-carcinomatous Tissues and Body Fluids.... 211

Tiba, H. and **Isikawa, S.** On Paper Partition Chromatography of Proteins and Carbohydrates from Carcinomatous and Non-carcinomatous Tissues and Body Fluids. 223

Itahara, K., Fukuchi, S., Fujibayashi, T. and **Yamaguchi, M.** Frequency of Essential Hypertension and the Influence of Environmental Condition thereon. 231

Uchigasaki, S. On the Heredity of Essential Hypertension. 245

Masamune, H., Yosizawa, Z. and **Miki, T.** On Hemagglutinin in Antipneumococcal Type XIV Horse Serum. 253

Mugikura, Y. Studies on High-molecular Placental Components in Connection with Pregnancy Toxemia. Third Paper. On Placental Desoxypentosenucleic Acid (DNA) 261

Tsuiki, S. Biochemical Studies on Carbohydrates. CLXXIV. Analysis of Mutarotation of N-Glycosides. First Paper. On Aniline-N-Lactoside. 267

Masamune, H., Hakomori, S., Numabe, H., Akama, Z. and **Kamiyama, S.** Synthesis of Artificial Group A and B Substances. 283

No. 4, April 25, 1955

Yamagata, S., Aratani, T., Miura, K. und **Otomo, K.** Experimentelle Studien über die Funktion des reticulo-endothelialen Systems. IX. Mitteilung. Einfluss verschiedener Chemikalien auf die Funktion des RES und der Leber 303

Yamagata, S., Miura, K., Otomo, K. und **Yuki, T.** Experimentelle Studien über die Funktion des reticulo-endothelialen Systems. X. Mitteilung. Einfluss der experimentellen Pankreasschädigungen auf die Funktion des RES und der Leber 315

Ozaki, T. A Note on the Colorimetric Ratio of Uric Acid to Adrenaline in the Folin, Cannon and Denis' Phosphotungstic Acid Method 322

Yamagata, S., Arai, I., Unoura, K. und **Aratani, T.** Experimentelle Studien über die Funktion des reticulo-endothelialen Systems. XI. Mitteilung. Einfluss von Erwärmung und Badekur auf die Funktion des RES und der Leber 323

Nagai, Y. Spectroscopic Study on the Interaction of Amino Acids and Sugars 331

Yamamoto, S., Shimoda, B., Momma, R. and **Sai, H.** Studies on Brain Stem. IX. Comparative Anatomical Study of Brain Stems of Some Species of Bats 339

Ozaki, T. Noradrenaline and Adrenaline Contents of Suprarenal Glands in Various Species of Animals 345

Masamune, H. and **Sakamoto, M.** Nucleic Acids. VII. A Combination of Several Methods for Determination of Purine and Pyrimidine Bases in DNA with Minor Modifications 353

Tsuiki, S. Biochemical Studies on Carbohydrates. CLXXVI. Analysis of Mutarotation of N-Glycosides. Second Paper. On Aniline-N-riboside 365

Ito, F. Studies on Tissue Protease. II. Influence of Metal Salts upon Tryptase Activity of Rabbit Liver 381

Ito, F. Studies on Tissue Protease. III. The *in vivo* Activation of Tissue Protease in Rabbit Liver 389

Ito, F. Studies on Tissue Protease. IV. The *in vivo* Activation of Protease System and Gluconeogenesis in Liver 399
